

TOPICAL REFERENCE GUIDE FOR TRUTH AND WISDOM

This subject reference guide is not only convenient, but also very important to the new believers and seasoned converts. For the scriptures are a secret locked book that is a truly divine instruction for eternal life. It is impossible for a person to pick up this document and read it like a book and understand what it means in total.

To understand a subject or doctrine, a person must be able to review and examine all the scriptures pertaining to that subject. Only with the help of Elders and study guides can a called one know all the important instruction on a certain teaching.

We pray this guide will help many come into the truth that Yahshua, the Son, has given us. And that Yahweh our Father, who is above all, will reveal the salvation truth of His son to all who use this guide.

See Assembly of Yah doctrinal booklet for complete reference of foundational doctrine.
